Sheriff's Department Receives Grant

The Crawford County Sheriff's Department announced today that a grant through the Office of Criminal Justice and NEMCOG was approved in the amount of \$36,299 for the purchase of new radio equipment for the Sheriff's Dept. The radio equipment will serve Grayling's City Police, DWR, fire and ambulance services in Crawford County, in addition to the Crawford County Road Commission and Camp Grayling. The system will include recording equipment to tape all incoming telephone and radio traffic handled by the Sheriff's Dept.

The Crawford County Board of Commissioners approved the local matching funds of \$1900.00 necessary to implement the grant.

Sheriff Curt Haas and the Board of Commissioners complimented Under-Sheriff Joseph White for his persistence on this grant, and Haas stated that the addition of this new equipment to his department should be credited to White.

Throughout the application for the grant, the Crawford County Board of Commissioners has been supportive, and according to both Haas and White, a special thank-you is extended to Mrs. Mary Harland, chairman of the Law Enforcement Committee and to past-chairman Rella Failing. The installation of the new equipment should occur during the first part of 1979.

CPR Film to be Shown at Grayling High School October 19th

Crawford County Chapter/American Red Cross has arranged to show the Red Cross movie on Cardio Pulmonary Resuscitation procedures on Thursday evening, October 19th, in the auditorium of Grayling High School at 7:30 p.m. Everyone interested in what to do and what not to do in case of a potential heart attack will find this 30 minute film very informative and helpful.

Everybody is invited. There is no charge, and there will be a question and answer period following the film showing.

Downtown Merchants Hear Advertising Expert

by Joe Schrader
The Downtown Merchants Association met last Thursday in regular monthly session, Noontime at the Shoppenaggon Hotel. Theme for this month's session centered around advertising, featuring keynote speaker, Mr. Jim Karpicke, a full-time job developer and part-time instructor in Advertising at Kirtland Community College. First, though, on Thursday's agenda, chaired by Vice-president Curt Jansen, was a report from Judy Gibbons on Christmas decorating. She reported that the committee had recently met and discussed a number of possibilities to improve and decorate the Grayling area throughout the holiday season. The committee, according to Mrs. Gibbons, plans to meet again later this

Astrologer to "Appear"

Students to Present "Rotten Day"

On Thursday, Friday, and Saturday, October 12, 13, and 14, members of the Grayling High School student body will present their first theatrical performance of the year in the Joseph Stride Auditorium. For this particular production, the weekend of Friday the 13th is most appropriate, for the play deals with astrology and is entitled, "You Were Born on a Rotten Day". All seats for this production are reserved and tickets can be purchased from any member of the cast or at the Community School Office. Price of admission is \$2.00 and tickets will be available at the doors when they open at 7:30 each evening.

"You Were Born on a Rotten Day" is a full-length comedy by Christopher Sergel and is based on the book by the same name by Jim Critchfield and Jerry Hopkins. Though a great deal of the play concerns itself with astrology, the subject of the school budget also is discussed in a most humorous manner. In reality, "You Were Born on a Rotten Day" was written after the President of the New York City Board of Education suggested that astrology be used in the New York City schools — schools whose science budgets were strictly limited. The play itself is fresh and relaxing and should prove to be a fine evening of light entertainment for the entire family.

Fire Guts Grayling House

by Joe Schrader

A fire of undetermined origin last Wednesday night heavily damaged the interior of the Grayling House Restaurant located on the I-75 Business Loop, south of the city. Although an exact damage estimate is still undetermined, Fire Chief Joe White termed the interior of the dining place "almost totally destroyed".

According to White, all five fire units responded to the 11 p.m. call, and all 16 volunteer firemen were summoned to the scene. The call was apparently made by a security guard at the Holiday Inn.

The building was unoccupied at the time of the fire, which firemen speculate started in a restaurant hallway. Cause of the blaze is still under investigation by local fire officials and the representatives from the State Fire Marshall Dept. out of Gaylord. Firemen were on the scene for about 4 hours.

The Grayling House, a landmark dining place in this area, is owned and operated by Mr. and Mrs. Richard Burr, who have managed the establishment the past four years. It was formerly known as the Penguin Inn. According to the Burrs, plans are being made to restore the interior and look toward a January 1st reopening date.

Museum Closed For The Winter

The Crawford County Historical Museum has closed for the winter months.

The historical society held its last meeting of the season on Monday, Oct. 2 at 7 p.m. The members present were Margaret Douglas, President, Mary Wakeley, Vice President, Betty Milliken, Secretary and Treasurer, Mr. and Mrs. LeRoy Akers, Sal Truettner, Ruth Caid, and Elmer L. Fenton. The election of officers for 1979 was held at this time.

School Aid Funds Released

LANSING—Local school districts have been sent the first payment of State School Aid Funds for the 1978-79 fiscal year, according to State Senator Robert W. Davis.

These funds, Davis explained, are taken from state tax revenues, and are based on a formula which, on the average, enables each school district to provide equal education opportunities for all of the school children throughout the state.

Following are the local area school districts, and the amounts of the aid payments they will receive:

The Crawford AuSable School System will receive a total of \$121,506; Gaylord Community Schools will receive \$62,146, while Gerrish-Higgins will get \$31,601.

Local Youth Killed In Cave-In

by Joe Schrader

Eleven-year old Doug Cottenham, son of Mr. and Mrs. John Cottenham of 402 Erie Street, was killed in a tragic street construction cave-in Monday night at about 8:00 p.m.

According to City Police Chief Pete Stephan, the victim and three other friends were playing along, and in ditches, at the corner of Rose and Ottawa St. when earth along the sides gave way. Cottenham was carried into the ditch and buried by the falling earth.

Despite valiant attempts by Ed Lowrie, a nearby resident who was called to the scene, the City Police Dept. and Sheriff's Dept. Rescue Squad, resuscitation efforts were unsuccessful and the victim was pronounced dead upon arrival at Mercy Hospital by County Medical Examiner Paul Dosch.

Scene of the fatality occurred in an area where storm sewers are being laid in a city improvement project. The construction area was apparently adequately marked by barriers and warning signs.

Funeral services will be held this Thursday at 11:00 a.m. at the Sorenson Funeral Home.

4-H Sign Up

4-H Sign up for Grayling and the surrounding area will be held Saturday, October 14th between 10:00 a.m. and 2:00 p.m. at the Crawford County Library.

At this time, in Grayling we have club memberships open in Arts & Crafts, sand crafting, fossils, horses, and scuba diving.

Message Well-Received

by Joe Schrader

Sparked by a need within the Grayling area to stimulate community growth, the Grayling Chamber of Commerce arranged for Robert Mitchell, Director of Farmers Home Administration, to address local business, commercial, industrial, financial, and other concerned community leaders at a meeting

held last Friday at the Holiday Inn. Some sixty interested citizens attended the meeting.

In opening Friday's meeting, Chamber Manager Walt Nowak termed Grayling "extremely fortunate to be included in Mr. Mitchell's busy itinerary." The meeting was arranged because of the devastation to the community's economic structure Bear Archery's decision to move is expected to create. A complete company move is expected by January 1st. The company's decision to move to a Florida location will eliminate some 300-400 local jobs and will vacate a building occupied for years and years by the concern, currently up for sale.

"Our company is tremendously encouraged by the fact that there is no atmosphere of despair within the community", Mitchell commented, "in many cases throughout areas beset by this type of adversity, people have a tendency to sit around and wring their hands in despair. We're happy to hear and see that this has

'The Chief' Takes On New Look

by Joe Schrader

The "Chief", Shoppenaggon, that is, today wouldn't recognize the building constructed in his honor Under the managerial reins of Arnie Mauren, the Chief Shoppenaggon Motor Hotel in downtown Grayling has assumed a unique, new look. Poising under a 22-ft. hotel "masthead", lit up for all to see as they enter and traverse around the downtown area, the hotel has undergone extensive exterior remodeling which makes it literally "stand-out" as a downtown attraction.

Final touches to the remodeling project took place in late August, culminating

an almost year-long effort which started last Fall when the back area and one side were completed. This summer, the balance of the project was completed and the finishing touch occurred on August 22nd when the "Chief" was lofted topside.

The Hotel was first called the Shoppenaggon Inn, according to Mauren, who's been managing the establishment the past 18 years, in honor of the Indian who roamed the northwoods in the lumbering era.

Famous for its Saturday Night Buffet, the Chief has stood in its present location since about 1916. A fire des-

Does American Red Cross Deserve Your Support?

Let's examine some facts about another Red Cross Service, Immediate Disaster Assistance, and then you be the judge:

1. The American Red Cross is required by the Congress of the United States to: "mitigate the sufferings caused by pestilence, famine, fire, floods and other great national calamities, and to devise and carry on measures for preventing the same."

2. American Red Cross Immediate Disaster Assistance is the Service which accomplishes the "Mitigating" portion of that Congressionally charged responsibility.

3. In disasters which involve five or more families, the "National" Red Cross organization supports and supplements the local Chapter with money, manpower and facilities as necessary to meet the need.

For Example: When the tornado struck Frederic at 2 a.m. that Saturday morning in April 1975, more than 5 families were involved, and less than 10 hours after the tornado hit Red Cross Staff Disaster Specialists were in Frederic assisting our local Red Cross Volunteers in issuing orders for clothing, food, shelter and medical care where needed. All 26 of the victims were cared for and over \$5000 in orders were issued on local merchants for the victims benefit. All gifts from the Good Neighbors who financially support American Red Cross, and all funds came from the "National" treasury.

4. Where the disaster involves less than five families, the local Red Cross Chapter is responsible for providing Immediate Disaster Assistance. Crawford County Chapter/American Red Cross totally fulfills this responsibility to the people of Crawford County to the full standards of American Red Cross.

For Example: In the 1978 fiscal year ending June 30, 1978, there were three local disasters that qualified; each a complete burnout where the victims lost all their possessions; one in December 1977, one in January 1978 and one in February 1978. In each instance, within hours, Crawford County Chapter/ARC provided needed clothing, food, shelter and medical service. \$1873 in orders on local merchants were issued in the three cases. All gifts from the Good Neighbors who financially support Crawford County Chapter/ARC.

5. The annual cost of rendering Immediate Disaster Service at the "National" and "Local" level is in excess of \$50 million annually. All such funds must be raised by American Red Cross. No Federal, State or Local tax monies are allocated to American Red Cross for Disaster Relief.

6. American Red Cross has never failed to meet its full responsibilities for Disaster Relief.

Don't you feel a little more secure because of American Red Cross Disaster Assistance? Doesn't Red Cross really deserve your whole-hearted generous support?

If you have not already sent a contribution, won't you do your share and mail a check today to: Crawford County Chapter/American Red Cross, RR#3, Box 3162, Grayling, MI 49738.

**Fresh, JV's Win
Rayders Knock Off Vikes, 22-7**

by Joe Schrader

Grayling High's Varsity football record dropped to 1-4 following a 22-7 loss to the Charlevoix Red Rayders last Friday night in an away contest. The Vikes will travel north across Big Mac this Friday night to face the Fighting Saints of St. Ignace, whose season record is identical. "Charlevoix was just too tough up front for us, even though we made some offensive changes, moving Skip Olsen to Quarterback, Rocky Tobin to Halfback and Mark Kibbe to Fullback," commented Klinger following the contest.

On a more positive vein, though, the JV squad pulled out a 12-6 victory over the Red Rayders JV squad Thursday night at home and the Freshmen were also victorious Wednesday night at home against Hale, 14-8.

In a game shrouded by cold temperatures, Charlevoix tallied against the Vike defense in the first quarter, kicked the PAT. The Charlevoix TD came on a 10-yard pass play. Grayling struck quickly, though, the score coming on a 53-yard pass play from quarterback Skip Olsen to Billy Luckstead. Todd Duncley kicked the extra point to knot the score at 7-7.

The Red Rayders pushed into the lead in the second quarter on a 1-yard quarterback plunge.

The point-after was good and Charlevoix led 14-7 at halftime.

"We made those backfield changes trying to generate some additional running power," commented Klinger, "but Charlevoix proved too tough on defense for us." No scoring took place in the 3rd quarter but midway through the last period, the Red Rayders took another TD on the bus, converted a 2-point conversion and ended up on top, 22-7.

"Our defense played a much improved and inspired game," commented Klinger despite the loss. "We had some better tackling all the way around and some great individual tackles."

Klinger cited Rocky Tobin, Jerry Luckstead and Joe Wiesend as defensive standouts. "All in all, though," he commented, "Charlevoix was just bigger and stronger. We had some mental breakdowns we'll work on this week. They resulted in some costly penalties."

Coach Chuck Mre's JV squad will host St. Ignace this Thursday evening after savoring a 12-6 hometown victory over Charlevoix last week. The JV's held on for a 1-7 TD victory over the Red Rayders with Tim Van-Nort kicking on a one-yard plunge in the first quarter, the PAT was not good and the score was knotted 6-6 at halftime. In the 3rd quarter, though, Steve Fling, who pounded out 101 yards on the ground for the Vikes, scored on a three yard scamper and the defensive unit kept the TD stand up and wiped its record to 3-2 for the year. Mike Bendig, credited with 18 tackles, was named

"defensive player of the game" by the coaching staff, and Fling won the offensive award.

The Freshman squad was also victorious over Hale on Wednesday, 14-8. No details were available on that contest.

**Volunteer
Aide Program**

The Crawford AuSable School District is once again looking for volunteers to help in the Grayling and Frederic Elementary Schools.

Volunteers can be men and women of all ages, from all walks of life, who are willing to serve on a regular basis. The only requirement a volunteer needs is a desire to help and a few hours each week or month.

Why are Volunteers Important?
Volunteers are playing an increasingly vital role in the whole education picture BE-CAUSE

Volunteers improve instruction by permitting more individual help to students under the direction of a teacher.

Volunteers increase school-community relations by bringing more adults from the community to the children, to show relevance of their education.

Volunteers enrich curriculum by adding the experience of the volunteers' special interests, hobbies and avocations to the knowledge of the classroom teachers.

What are the Rewards?
Volunteers meet new friends, learn new skills and receive the joy of serving others!

What Tasks Do Volunteers Perform?

Volunteers are needed to:
... Assist in the classroom under the direction of a classroom teacher.

... Tutoring remedial reading students under the direction of the remedial reading teacher.

... Serve as library aides with the daily/weekly sorting, mending and arranging of book shelves.

... To serve as especially busy day aides for Vision and Hearing Screening, Pre-school testing and a variety of special activity days.

... As lunchroom aides to assist with feeding and other lunch time problems such as stubborn milk cartons, too tight thermos bottles and any number of spills.

If you have some time to spare and are interested in joining the "volunteer team" call Irene Pettyjohn at 348-7641, Ext. 52. Why not call today?

**Golf Banquets
End Season**

by Fay Bovee

With the two banquets of the Men's Golf League held on the last two Saturday nights, it is a signal for the closing of the Grayling Country Club for the 1978 season. It has been a most successful year under the management of Tom and Sandy Brogger, Tom in charge of the course and Sandy in charge of the clubhouse. They've done an outstanding job and everyone agrees that the course is in excellent shape this fall, and are looking forward to a good season with the Broggers next year.

The Tuesday Night League held their banquet on Saturday, September 30, with about 80 people in attendance. A sumptuous dinner of roast beef, spaghetti and meat balls, and turkey complete with all the other ingredients of an excellent meal catered by Hudson's Prime Beef was enjoyed by the members and spouses. Following dinner trophies were awarded:

In Flight A, Ralph Kaseman and Tom Evans took first and Dr. Allison and Earl Bale, second; Flight B1, Art Weideman and Nelson Miles took first and two teams, Dr. Henry and Dr. Baha, and Dr. Schwarz and Ken Gotti tied for second; Flight B2, Kent Reynolds and Bill Klinger took first and Luke Petrosky and Jim Parkinson took second; Flight C, Vern Cavitch and Tom LaMotte took first and the teams of Bob Schultz and Ralph King and Jerry Walker and Chuck Fick took second.

On Saturday, October 7, the Wednesday Men's League held their banquet with about the same number of people attending and a similar delicious dinner was served again by Hudson's Prime Beef.

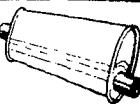

Flight A teams of Melvin Nielson and Dale Pettengill took first, and Phil Worden and Ray Slusser, second; in Flight B, Pat Bajor and Greg Gohro took first and Mark Hartman and Tom LaMotte took second. Dennis Henning was designated as the most improved golfer.

Many door prizes were raffled off both evenings.

Trophies awarded in the handicap tournament were to: Championship Carl Henry Nielson and runner-up, Al Zigila; A, David Jansen and runner-up Rudy Martinez; B, Hal Walker and runner-up, Emil Kraus; C, Bob Prause and runner-up, Scott Fick.

Trophies for the club championship were: Championship, Tom LaMotte and runner-up, Vern Cavitch; A, Ralph King, and runner-up, Martin Friskie; B, Mark Hartman and runner-up, Abner Sager; and C, Pat Bajor, and runner-up, Tom Grant.

From Our Corner ...

Everyone picks on Ye Ol' Editor ...

For instance ...

We got through mailing the paper last week and left the office for our usual late Wednesday lunch, and would you believe within that hour we received in our office 5 cucumbers that would not make a salad for a midget, let alone one for our size ... We found out the gift came from George Pamerleau. If George doesn't watch out we won't ask him to get up at 4 in the morning anymore and drive us to Mt. Pleasant ...

Monday we received a call wondering how come we have a contest on the largest cucumber, and we don't have one on cabbage ... If Joe's pictures come out we will surely carry Earl and Iola Broadbent's efforts with a photo of a cabbage 38" in circumference ...

We never realized there were so many green-thumbers in our area ... that is except our immediate boss who only grows plants and flowers ... These, she tells us, have no calories ...

There are others in our hamlet that are not farmers, but, also like to throw a little dig, or in some cases try to show us the way ...

The first happened early Friday afternoon when Pat Nunn was up in the office and shouted back, "it must not be Monday, or you would be at the pecking machine" ... we chuckled that one off, figuring it was just a part of a days work ...

Not so ... we took in the fish fry at the hotel, and upon leaving we were called to the table of Father John Carleton and all he wished to convey on this humble person, was that if we hadn't been down there we could have been able to get this week's column out ... instead of waiting until Monday night ... It was too late for the suggestion ... at the present it's Monday night ... our only hope is that Father John doesn't get to the point where he feels there is no help for the ole fella ... we need all the help we can muster up.

Following dodging the barbs and innuendoes during the week, we figured the weekend would be safe to just relax following the golf party Saturday night, which was disappointing. We did not receive a trophy ... and to think it has been about five years now that Hook and I have settled for last place only to let those who like brass take home the spoils ...

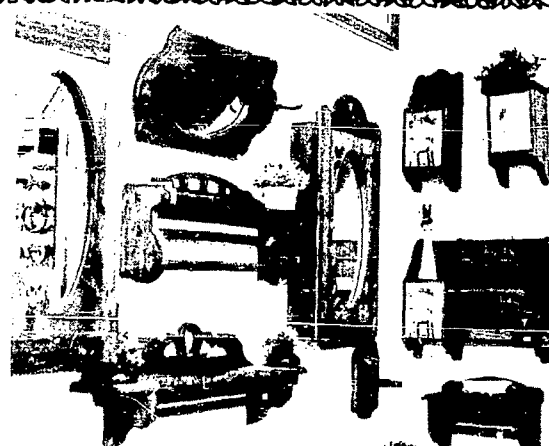

Now comes Sunday in the busy life of your favorite editor ... We were relaxed to say the least following the evening at the 10th hole when we finally made it to the office to check and see if this week's efforts were on an even keel, when we received a call to see if we were ready ... Our question to answer that question was, "for what?" ... It seemed during the busy Saturday we had agreed to partake in a cruise around Lake Margrethe ... in the replaced Mississippi Riverboat with Captain Hook (alias Leprechaun) at the helm ...

All we can add to a delightful, relaxing fall afternoon ... it could have been a bit warmer out on the bow while we were trying to take some autumn pictures (see, we are always working?) ... the West Bay hamburgers are out of this world ... due to the works of Chief Stewart's Mate, Minnie Mo.

We are planning, within the next couple of weeks, to run a proof ballot of the 11 Proposals to the constitution that will appear this fall. We do this so that our readers may be able to read and digest the wording on the ballot before they go to the polls to make their choice ...

have a
nice weekend...

Miss Loretta Sorenson left on Thursday for Bay City to visit Miss Evelyn Johnson for a few days.

Emil Giegling spent last weekend in Marquette on business.

Mrs. Thomas Cassidy is in Grand Rapids this week visiting her daughter, Mrs. Victor Thelon and other relatives.

Mr. and Mrs. Phil Quigley and Miss Laura Ensign returned from Flint Friday, having spent a week there on business, while Mrs. Hanson called on her brother and family, Mr. and Mrs. Guy Peterson.

Mr. and Mrs. A.S. Burrows and son Merton left Sunday for Detroit where they will visit relatives. They were accompanied as far as Flint by Carlisle Brown, who went from there to Lansing for a couple of days.

Wilhelm Raee returned home the last of the week after being at Flushing for several weeks.

Miss Laura London and Mrs. S. Phelps are attending the Grand Chapter O.E.S. of Michigan at Saginaw.

Andrew Anderson left last Monday for Los Angeles, Calif., with K. Kriepke. As he leaves his family here he will probably get back.

Adler Jorgenson and his son are visiting his parents in the Ozark Mountains in Arkansas. During their absence Mrs. Jorgenson has been visiting friend in Marlette from where she returned last Monday.

The road east from the east branch bridge which has been condemned for the past summer has been thoroughly repaired by Highway Commissioner Peck and is now safe for travel.

About fifty of the Grangers and their friends had a very good time at Perry Ostrander's Friday evening.

J.W. Grant of Grayling has bought the John Brown house and lot on Court St., next to the John Miller property, and will move his family here for residence this week.

The first snow of the season fell Tuesday morning. There was not enough for sleighing but it made a man feel cold to look at it.

Mrs. Eastman of Grayling is the cook at the Ward home in Lovells.

M. Hanson of Grayling passed time Lovells with his auto Tuesday evening. There were three others with him, but we were not able to recognize them on account of the high speed they were running.

"Fire insurance is fine. But who pays your salaries and other expenses while your store's being fixed?"

"We'll not only fix the store, but with an Auto-Owners Business Interruption policy, we'll even pay your salaries, interest and other continuing expenses while you're in repair."

"Why, we'll even provide your normal profit while your place is out of commission."

"Drop in and see us for any kind of protection with Auto-Owners. You'll be happy with what we can save you in worry and in money."

The Bible Speaks

From Calvary Baptist Church

WHY GO TO SUNDAY SCHOOL?

Isn't Sunday School just for little kids? Is Sunday School really important in our lives today? The following selected poem may raise another question:

Bill and Susie Had A Little Boy

Bill and Susie had a little boy
Whose soul seemed white as snow;
He never went to Sunday School
Cause Bill and Susie wouldn't go.

He never heard the tales of Christ
That thrill the childish mind.
While other children went to class

This child was left behind.
And as he grew from babe to youth,
They saw to their dismay:
The soul that once seemed snowy-white

Became a dingy gray.
Realizing he was lost,
They tried to win him back:
But none the soul that once seemed white

Had turned an ugly black.
They even started back to church,
And to Sunday School, too;
They also begged the preacher,

"Is there something you can do?"
The preacher tried, but failed,
And said,
"We're way too far behind,
I tried to tell you years ago,
but you would pay no mind."

And so, another soul is lost
That once seemed white as snow:
The Sunday School could have helped ...

But Bill and Susie wouldn't go ...
"And let us consider one
another to provoke unto love
and to good works: God forsaking
the assembling of ourselves together,
as the manner of some is; but exhorting one another;
and so much the more, as ye see the day approaching."

Hebrews 10:24,25.

It is extremely important that all of us attend church regularly. It is important to God's will. It is important for our moral and spiritual growth and development. It is important for both our families and our community. If you do not attend a Bible believing church where the truth is preached, we invite you to attend the services at Calvary Baptist Church. OBITUARIES

Friday Services For Delbert F. Case, 52

Delbert F. Case, 52, of Grayling passed away Tuesday, October 3, 1978 at Mercy Hospital. Born January 10, 1926 in Grayling, he was a lifetime resident. Mr. Case was employed as a mason.

Survivors include his wife, Julia, five sons: Terry, Richard and Robert Press, Justin and Frankie Case, two step sons: Robin Woods of Lansing and Mitchell Woods of Newberry; two step daughters: Clowr Woods of Grayling and Brancy Woods of Arkansas; his mother: Doris Case, two brothers: Eugene and Ronny and two sisters: Mrs. Delores Carr, all of Grayling, also Mrs. Carol Steil of Aurora, Illinois. His father, Milow preceded him in death.

Delbert Case was a Board Member of Grayling Boosters Club and a member of the American Legion Post 106 also. Funeral services were held Friday, October 6, 1978 at 1:10 P.M. at Sorenson Funeral Home, with Reverend Ois Smith officiating. Interment was in Maple Forest Cemetery.

Military rites were under the auspices of the American Legion Post 106 and 1438th Engineers and 1071st Maintenance, Mich. National Guard. Pallbearers were Richard A. man, Jim Kitchen, Dale Lozor, Curt Haas, Bob Wakeley and Jack Kolka.

Memorial contributions may be sent to the Grayling Boosters Club.

Services Held For Seasonal Resident

Mary J. Jerome, longtime seasonal resident of Grayling, died September 26, 1978 in Pontiac, Michigan. Burial was September 30, 1978 in Elmwood Cemetery, Grayling.

Mrs. Jerome, 57, attended De Pauw University, Greencastle, Indiana and was a member of Alpha Phi Sorority. Survivors include her husband, Arnold Jerome of Bloomfield Hills; her children, Arnold Jerome Jr. of Bloomfield Hills, Mrs. John (Kay) McDonald of Bryns Mawr, Pa., and Timothy Jerome of Pontiac, and eight grandchildren.

Memorials may be made to the Mercy Hospital Building Fund.

ABWA Meets

The Grayling Chapter of the American Business Women's Association held their September meeting at the Grayling House on Tuesday, September 19.

Guest speaker of the evening was Dr. Dorothy Brooks. Dr. Brooks is semi-retired and is now teaching at Northwestern College in Traverse City. She is a Professor of Gerontology and Psychology. She was formerly Dean of Students at Densison University and Dean of Women at Cornell University.

Her topic of the evening was "Death and Dying." Dr. Brooks' talk concentrated on death and its affect on children. She explained the importance of including them in the funeral rituals and supplying them with proper explanations of death. "It is a big mistake," Dr. Brooks said, "to assume they are too little or too young to understand." Dr. Brooks mentioned how in this day of modern medical technology we have less experience with death in our early life. She gave examples of death poorly handled with children and the consequences experienced later in life. She explained the stages of grief that people go through when they lose someone close to them.

It was a very enlightening talk and Dr. Brooks was a most impressive speaker. She was accompanied to the meeting by Connie Vaughn, assistant to Lora Gould at the Grayling Senior Citizen's Center.

Regular monthly business included the election of officers for the 1978-1979 year. The newly elected officers are: Pauline Petroskey, President; Deanna Bartlett, Vice President; Norma Naour, Recording Secretary; Diane Branch, Corresponding Secretary; and Jane Larson, Treasurer.

All members, thanks and appreciation go to Betty Bennett, outgoing President. Thanks also to all other outgoing officers and committee chairpersons for the responsible and excellent manner in which they handled their duties this past year.

CARD OF THANKS

I would like to thank all of our friends and relatives for their kind thoughts and support during our recent loss. A special thank you to Joanne Aymer for the dinner and to everyone that helped and donated food. Thanks to Doris McEvers for her help, Reverend Smith for officiating and a very special thank you to Delbert's mother, Gene and Marie Case and to Father Steve Layton for their moral support and help.

Hospital Charity Ball a Success

The Auxiliaries of Mercy Hospital wish to extend a heartfelt note of appreciation to everyone that helped us have a most successful Charity Ball at the Camp Grayling Officers Club.

Our thanks go out to the one hundred and fifty-five guests who we somehow feel enjoyed themselves, to the many people who were unable to attend but contributed toward our efforts anyway, the news media who helped promote the Ball, the nice people out at the Camp Grayling Officers Club who were so gracious and helpful and all the other people along the way who in some fashion offered their assistance and reassurances.

The gross proceeds from the Charity Ball were just under \$1,700.00. It was a most enjoyable way for the auxiliary to raise funds for the Mercy Hospital Building Fund and plans have already been made to hold the 2nd Annual Charity Ball on September 8, 1979.

Former Resident Earns Doctor of Education Degree

Donald J. Plagens, formerly of Maple Forest Township, received his Doctor of Education Degree this summer from Oregon State University. Dr. Plagens, a 1955 graduate of Frederic Rural Agricultural High School, completed his Bachelor of Science in Education Degree at Central Michigan University in 1962 and his Master of Arts at CMU in 1966. He is a member of Phi Kappa Phi National Honorary Fraternity and is currently an Associate Professor of Business at Cuyahoga Community College in Cleveland, Ohio. He has co-authored a booklet, "An Integrated Exercise," published by McGraw-Hill in 1974, which is a series of experiences designed to help advanced office students understand their values and appreciate the values of others.

Dr. Plagens plans to publish the practical portion of his dissertation, "A Pilot Study Concerning the Measurement of the Typewriter Composition Skills of Selected Postsecondary Students." The material, developed and tested as part of his doctoral study, is designed for typewriting teachers to use as part of their classroom instruction. Dr. Plagens found that the use of the material did aid students to significantly increase the quantity of their compositions at the typewriter.

dent, Ruth Caid, Vice-President, Marie Akers, Secretary and Treasurer.

Plans for the annual luncheon in honor of the volunteers were made at this meeting. This luncheon is to be held at 12 o'clock Oct. 17, at the Holiday Inn.

One might say that we had a successful season at The Crawford County Historical Museum. There were 219 registered visitors. This total was 64 more than in the summer of 1977.

We had about 20 volunteers, who spent the afternoons and some mornings greeting the many visitors from Michigan, Crawford County and the following states and countries: Buenos Aires, Argentina, California, Canada, Dover Kent, England, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Massachusetts, Minnesota, Mississippi, New York, North Carolina, Ohio, Tennessee, Texas, Virginia, and Wisconsin.

I am happy to say that through the efforts of our R.S.V.P. volunteers, members, and the historical committee, we have provided a place where our many visitors can come and view a bit of the past. We had many compliments about our museum. It is something that has added to the community attractions.

The museum is a non-profit organization that is supported by memberships and donations.

We do have certain expenses, such as fire insurance, insurance on the volunteers, electricity, gas and telephone.

It is my hope that many present members will renew their memberships for the coming year and new people will take out a membership.

Grayling Twp. Ordinance No. 3 [78]

The following ordinance was adopted at the regular meeting of the Grayling Township Board held on October 12, 1978.

Ordinance No. 3 [78] to amend the Ordinance No. 1 [77] to amend the property described as the Sec. 13, T. 26 N., R. 4 W., lying S. of M-93 and M-72 West, and beginning at the S 1/4 post of Sec. 12, T. 25 N., R. 4 W., th. S 89°37' W 737.6' to the FOB; th. S 89°37' W 264.3' th. N 58°30' E 104'; th. S 73°13' E 183.4' to the POB, being part of Sec. 12, to a Planned Development Zone with the following restrictions: the highway frontage (approximately 500' in depth) as indicated on the survey of 9-11-78 comply with the C-1 Zone uses except buildings to be used for the sale of petroleum products, i.e. gas stations be prohibited. The balance of the parcel be used for a combination of single family, duplex, and multiple family dwelling units, but not limited to parks, playgrounds, community centers, swimming pools, and facilities therein, accessory buildings pertinent to the residential development. The front setback - 75', side yards - 50' rear yards - 50'. Road right-of-ways must have a minimum width of 30'. Minimum square footage of residential dwelling units must be the same as required in other zones of the ordinance, and limited to 75 dwelling units.

Elizabeth H. Wieland, Township Clerk

The Chief

(Continued from page 1)
troyed a portion of the building and Baringer's Men Shop, which was adjacent, sometime in the '50's. Remodeled thereafter, the business changed hands in 1960 when Mr. and Mrs. Roy Dewitt purchased the hotel. That's when Arnie Mauren came on board. It's been a popular attraction ever since. Current owners are Mr. and Mrs. Theron White of Perinton, Minn., who bought the business about five years ago.

The Hotel features two popular dining areas, open from 7 a.m. to 10 p.m. There's also an additional coffee shop. Conference facilities are located downstairs. They're known as the "Viking" and the "Ojibway" Rooms. Twenty-two attractively decorated hotel rooms greet out-of-town visitors.

"We've had people fly into town especially for our Saturday Night Buffet," commented Mauren in a recent interview, "some stay overnight with us and others fly back home," he commented proudly.

The Hotel boasts a staff of 37 employees, full and part-time. The regular staff average some 10-12 years of longevity, according to Mauren, an obvious tribute to the Hotel management.

Prior to joining ranks with the Hotel, Mauren owned and operated the Big Wheel Restaurant near Roscommon. The Maurens have three children, Pam, here in Grayling married to Jack Hull, Karen, who's married to Allen Stewart, a J.C. Penney employee representing Bear Archery in Honolulu, and Paul, who teaches at the College of St. Rose in Albany, New York.

The Hotel represents a fantastic new downtown look. The "Chief" never had a wigwam that looked like this - built over sixty years ago in his honor. Quite a long-lasting tribute, we'd say.

Message

(Continued from page 1)
... happened in Crawford County.

Grayling's State Representative Ralph Ostling, introduced by Nowak, remarked on the positive effect the Mercy Hospital Expansion Program will have on the area tempering, though, his remarks by reminding those in attendance of the negative economic impact Bear's decision would have on the area.

Mitchell, calling the Farmer's Home Administration, "developed and dedicated to a philosophy of social concern," explained that his organization was capable of making financial commitments for community development outside the reaches of a bank's risk area. "What are your concerns and priorities in this area?" he asked the group. "We have several reasons we can tailor ourselves to your needs," he explained and we hope that some good will come from our combined efforts in continuing Grayling's economic growth effort.

Emphasizing that the U.S. Government must direct attention to business and industry, Mitchell talked about the World Development Act, and in addition, talked about Farming, Housing and the Community Development Programs which his organization has been concerned with.

The concerned participants left the meeting with encouragement about what F.H.A. might have to offer — now the question seems to be, will we pool our talents, combine our efforts and do something about the possibilities F.H.A. is able to provide?

Is auto-tax anti-female?

Richard Milligan

The harsh cry of sexism and discrimination was leveled in a new and novel position at an unlikely target the other day.

Did you realize, for example, that the multi-million dollar gas and weight tax increase that wallowed so long in the Michigan legislature this year was anti-feminist? Neither did I until a female Eaton County commissioner made the claim.

The highway financing program is a long sought legislative goal of Michigan's Gov. Milliken and some of his allies, including—among others—Detroit Mayor Coleman Young.

In essence, the bill would raise the gasoline and diesel fuel tax by 1 cent a gallon, and shuffle the weight taxes for vehicles bringing increases averaging 30 percent. The various highway funds would be shuffled a bit, too, including establishing a large pot for mass transportation uses. That last item, of course, is what brings the ire of the Detroit mayor and other big city proponents of people movers, and subways, and the like.

The entire highway package is much further reaching changing the name of the state highway department, changing methods of picking the director, and effecting certain other changes in the existing way of doing things.

What about the male chauvinist charge from Eaton County Commissioner Betty L. Jones was the juggling of the weight taxes.

Much of the increase in weight taxes, it turns out, would come from a new minimum license plate charge for automobiles. Under the proposal, the lowest charge for license plates would be \$20. That would bring quite a hike for the compact and sub-compact cars which have been charged—like all other vehicles—on the primary basis of weight. Since these cars are considerably lighter than the normal-sized car, the sub-compacts have been getting by for \$10 to \$12 for license plates, but now would be charged \$20 as the base license plate charge.

Ms. Jones is quite concerned about the philosophy of the proposal. In the first place, she told her colleagues, it would be counter-productive because

the national policy is to conserve energy on the one hand, and the new law would penalize economy cars on the other. That's contradictory, she claimed—and of course, she's right!

But in addition, she continued, the proposal was aimed directly at women drivers. After all, she continued, more women than men drive compacts and sub-compacts, so women would bear the brunt of the outsized weight tax increase.

After thinking it out, it seems to me Ms. Jones is absolutely right. How many compact cars do you know, for example, which are driven by women? And how many are driven by men? I bet you'll find most compacts have women behind the wheels.

Thank you, Mrs. Jones, that's a better reason than most others I've heard to oppose a tax increase, no matter how noble the state purpose.

As long as we're directed in this vein, here's an item from the American Council of Life Insurance:

How much would it cost to hire someone to do the jobs done by a full-time homemaker?

The insurance folks estimated recently it would cost more than \$17,000 a year to hire outside help to do the cooking, cleaning and numerous other jobs done by a homemaker.

That ought to make the average compact car driver feel appreciated just a bit more.

Sticking with finances, but oversteering from the tax-oriented line of the above items, we turn to an estimate from the Tax Foundation that President Carter's plan to limit federal worker's pay increases to 5.5 percent still will cost \$2.9 billion—and that's a lot of tax dollars.

Still, that's cheaper than the 8.4 percent pay hike that would go into effect if the Carter limit is not adopted. The higher raise would cost \$4.5 billion.

Presently, the Foundation reports, the average federal worker's pay is \$17,370.

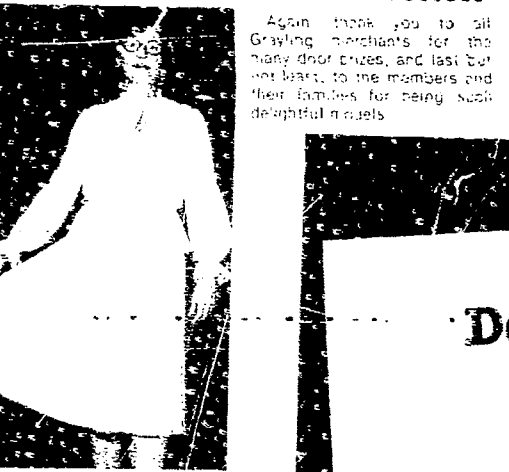

That's one problem with many government employees, by the way, too many of them are only average workers.

Graying Day, September 28, 1978, was a day of joy and celebration for the Wejrowski-Weaver family. The bride, Mary Wejrowski, was escorted by her brother, Don Wejrowski, to the altar. The groom, John Weaver, was standing by her side. The ceremony was officiated by Rev. Robert J. Weaver. The wedding took place at the Grayling High School. The bride and groom were surrounded by family and friends. The ceremony was a beautiful and memorable event.

The bride was given in marriage by her brother, Don Wejrowski, of Grayling. She was sitting in a beautiful gown of ivory satin, trimmed with lace. The groom was wearing a tuxedo with a white shirt and a red tie. The ceremony was officiated by Rev. Robert J. Weaver. The wedding took place at the Grayling High School. The bride and groom were surrounded by family and friends. The ceremony was a beautiful and memorable event.

ABWA Fashion Show ... Great Success

Amid a scene setting depicting autumn in Northern Michigan, sixty-five models displayed fall fashions for tots to senior citizens. The event took place Thursday, September 28 at Annan's House of Catering, with the proceeds going to the ABWA scholarship fund, which provides scholarships to two local women for furthering education.

Two hundred and fifty guests sat at orange and white decorated tables, enjoying the show.

The show was emceed by chapter of Sweet Home's, conducted by John Noleware. Wayne Hindmarsh, Grayling's Citizen of the Year and ABWA's favorite moderator, announced the models and described their attire. To soft music furnished by WQON and WGRY fashions from the following merchants were displayed: The Village Shop, Laurine's, Dad's Sport Shop, Olson's of Grayling, Al's Shirt Shop, Ben Franklin Family Center, The Mercantile, Carousel of Children's Fashion, Bill's Laundry and Dry Cleaning, and Town and Country Boutiques. Carol West, who was awarded the \$25 cash prize given by ABWA.

ABWA wishes to thank the following people who helped make the Sixth Annual Fashion Show profitable: first, the audience who attended; Flowers by Josie for the beautiful backdrop and table decorations; Music Department of Grayling High School for the risers; Senior Citizen's Center for screens; Grayling Restaurant for coal racks; Tickets, Jim Parkinson, Builder; Advertising, Grayling State Bank, Red Barn, Schan's Plumbing and Heating, WQON, Town and Country Boutique, C-J Disco, Miller Hardware, Little Caesar's Pizza, Comfort Center, and the Scrub-board Laundromat.

Do You Really Want To Bring Back PROHIBITION?

Because that's exactly what Proposal D would do... prohibit drinking for 19- and 20-year-old adults. And this proposal will... Proposal D would drive young adults out of... supervised establishments... into cars and taverns... vote on Proposal D — take a close look at these facts:

FACT: Young Adults Are NOT Involved In An Unusual Number Of Accidents! Actually, according to official Michigan statistics taken from the State Police "Michigan Traffic Accidents Facts," the percentage of 18- and 19-year-old drivers involved in auto mobile accidents has decreased significantly since 1966! Secretary of State Richard Austin has stated that there is no basis in traffic statistics for raising the drinking age!

FACT: The Drinking Age Has Already Been Raised To 21! Effective December 3, 1978, a new law makes it illegal for anyone under the age of 19 to buy or consume alcohol... thus preventing legal drinking by anyone under 21 years of age. Let's give this new law a chance!

FACT: Young Adults Are Responsible! Certainly, no one becomes an adult overnight, but 19- and 20-year-olds are out of school, holding down good jobs, marrying and starting families, voting, and serving in the armed forces. They are adults in every legal sense. Recognizing this, 80% of our states have drinking ages under 21. Yet Proposal D would strip them of a very basic right. Proposal D is PROHIBITION, pure and simple.

Pastor and Mrs. Robert Haskel were guests of honor at a reception given for them by members and friends of St. John's Lutheran Church, Grayling, and Messiah Lutheran Church, Roscommon on September 30.

Joyce and "Pastor Bob" were married on Sept. 25th, 1953, at Bay Village, Ohio. Rev. Haskel is minister in both the Grayling and Roscommon churches. The Haskels live at 6829 S. Military Rd., Grayling.

Silver Anniversary Editor's Mailbox

October 6, '73
To the Editor:
Dear "Unity":
For months my husband and I have been discussing how incredible it is that many of the same names appear in the Daily Court again and again. Even though they are infrequently reprimanded, they are clearly let out on bond only to commit the same crime or fall in the same old trap. The case of John Messenheimer, a work-crime.

Being former residents of Grayling and frequent visitors, it saddens (and sickens) to see the amount of crimes committed on the rise and the degree of crime worsen. Not to mention the silent arrests and convictions. It is one thing to be upset about the overall break-down in our penal system, but when it hits an area where friends and relatives dwell, it is quite another.

Very seldom do people as a whole come together to make changes in our society, especially where crime is concerned. Instead they fear for their lives behind drawn shades in the afternoon, bolted doors and windows, and often times a weapon. But the people of Grayling have, in the past, demonstrated their power and need for change in other areas. Maybe now is a time to come together again to bring justice for "all" including the "victims".

It is ironic that on the front page of last week's Avalanche where "Two Murder Stuns Community" appeared, just below in an article titled "Amendments to Constitution to be Explained" the "Good Time" proposal also appeared which would eliminate prisoners time off for good behavior. Factual and statistical information will prove that offenders are not rehabilitated in prisons and are usually sent back within months of freedom. I don't have all the answers but if your first response was to vote "No", reconsider. I'm sure the Messenheimer family will have no trouble coming to a conclusion with that proposal. My deepest sympathy to that family.

Maybe one day the breed of violent and sick people will destroy each other before they take their toll on the remainder of our society.

Sincerely,
Thelma Brozo Howie

Sweet Adelines Activities

Mic-Mitten Chapter met Wednesday, October 4th, for its weekly rehearsal. Much time was spent on music for the "Fun Night with the Sweet Adelines" being held Saturday, October 28th, 8 p.m., at the Houghton Lake Playhouse. Remember this: ticket prices \$2.00 for adults, and \$1.00 for children under 12. Tickets can now be purchased from any Sweet Adeline.

Rehearsals on October 18th and on Tuesday, October 24th, will be held at the Houghton Lake Playhouse.

The dates have been set for our coaching sessions this coming year. They will be held on Saturdays, December 2nd, January 6th, February 3rd, and March 3rd. It is hopeful that all can arrange to attend these very important sessions by setting firm dates so far ahead.

month and will report in at the next Merchant's meeting on November 2nd.

"Advertising is a communicative link between the seller and the buyer." That was the key message delivered by Advertising Specialist Karpicke at Thursday's meeting. Components, he explained, include the marketplace, the media and a "genuine deliverable message." He went on to outline a number of advertising standards important to people involved in merchandising. "We must have a clear description of the market itself," he explained, "for example, some of the important factors one must consider include the geographic location of the marketplace, ages and sex of the buyers and income levels." He pointed out that the media, such as local publications, in addition to TV and radio, are vital components in advertising campaigns.

The Moonlight Madness Sale, set for November 20th will be discussed at the November session. Activities surrounding the "Official lighting of Christmas," including a Thanksgiving Parade, are also being planned.

Traverse City State Hospital Planning Now for Christmas

Although it may seem a bit early, it is time for Traverse City Regional Psychiatric Hospital to begin planning for Christmas. The institution has a large number of patients, and a great amount of time and effort in behalf of those patients are required to insure a "Merry Christmas" for all of them.

It takes time for clubs and civic organizations, churches and schools to formulate plans in order to participate in the Christmas effort at the hospital. This effort has been going on since 1956. The response has been wonderful, and has guaranteed that every patient in the hospital will get an assortment of desired gifts. We are very grateful for this.

Organizations within the service area of the hospital, which includes all of the northern half of the lower peninsula for adults, and that same area plus all of the upper peninsula for children's services, are now urged to begin to make plans to take part in the Christmas activities for the hospital's patients.

Volunteers will begin wrapping gifts about November 15, and the task must be completed no later than December 20. The hospital would like to receive as many of these gifts as possible by the November 15 date. Gifts must be sorted and made ready for wrapping. Gifts should not arrive later than December 12, if possible.

Each year lists are compiled of all patients on the wards with the items they desire. The hospital tries to provide gifts on the basis of these lists as much as possible.

Gifts do not have to be expensive, but they must be new. Service groups, clubs, churches, schools and other groups, as well as individuals are cordially invited to take part in the 1978 Christmas program. The hospital needs gifts for men. It is suggested that men's organizations concentrate on gifts for men, and school children might send gifts for children, etc.

Gifts should not be wrapped. Such items as toiletries for both men and women, inexpensive items of clothing for all ages from eight to ninety, books, games, puzzles, smoking materials, fruit, candies, are just a few suggestions.

Additional information can be obtained by contacting the Community Relations Department, Box C, Traverse City, Michigan. Gifts which are sent

Bits O' Talk

by Fay Bovee
Mr. and Mrs. Harold Golnick drove to Detroit on September 18 where they stayed overnight with their daughter and husband, Mark and Julie Mitchell, and the next day they took the Golnicks to Metro where they flew to Hawaii for a week's vacation. The trip was a gift from their children for their parent's 25th wedding anniversary which was in August. Sally and Tyke said they had a marvelous time and liked the climate.

Mr. and Mrs. Robert Bovee spent from Tuesday to Saturday in Washington, D.C., on business and while they were there, were joined by Kerry Clough for an hour's visit.

Mr. and Mrs. Rene Savoie and Mrs. Betty Trudgion of Sault Ste. Marie spent the weekend with their children and family, the Jack Trudgions.

Mr. and Mrs. Dennis Bovee have returned from a week spent in Gainesville, Fla. They stayed with Orin and Tanya Pello and family who have already moved there for Bear Archery. The Pattens went to purchase a home in anticipation of their move with the archery company. Mr. and Mrs. William Joseph and Mrs. Dick DuBois spent last week at Drummond Island. They spent the week fishing and the men did some hunting.

Mr. and Mrs. Rosenberg and Mr. and Mrs. Scott of Ann Arbor spent the weekend with her mother, Mrs. E. Knibbs.

Expansion, Public Service Commission and the Travel Bureau.

As State Commerce Director, Molin serves on numerous state boards and commissions. Included are the Michigan State Housing Development Authority, Michigan Consumers Council, State Pension Fund Advisory Committee, Michigan Economic Expansion Council, the Environmental Review Board, Kincheloe Area Economic Committee, Property Tax Task Force, Environmental Research Institute of Michigan and the Great Lakes Commission.

He also is a member of the Governor's Executive Council. Before assuming the helm of the commerce department, Molin served as director of the Michigan Department of Labor for three years (1975-77).

During his tenure with the state labor department, Molin directed the state's Comprehensive Employment and Training Act (CETA) programs which pumped \$1 billion into the state's economy and provided jobs and job training for 400,000 Michigan men and women. He also was instrumental in reforming Michigan's unemployment compensation system.

Sager Attends 33rd Degree Masons Meeting

Abner C. Sager and Evelyn recently returned after five days in Cincinnati where he attended the annual meeting of the Supreme Council of 33rd Degree Masons.

Nearly 3,000 men and their ladies from the thirteen states of the Scottish Rite of the Northern Masonic Jurisdiction were in attendance. On the final day of the meetings, it was announced that nineteen 32nd degree Masons from the State of Michigan were nominated to receive the Honorary 33rd degree. Four are members of the Valley of Bay City which includes the section of the state east of US-27 and I-75 and north of the Oakland County line.

The next conferral of the degree will be in Chicago in September of 1979.

Li and Mrs. John W. Bovee (nee Suzanne Bovee) are now in Denver, Col. where he is stationed. Sgt. and Mrs. Jim Bishara of Killeen, Tex. arrived on September 27 and spent a week visiting his parents, Mr. and Mrs. Fred Bishara. Libby Kipp of Boston, Mass. spent from Friday to Wednesday with her father, A.W. Kipp, and visited many of her friends. She spent one day in Cadillac with Mr. and Mrs. Steve Dawson.

June Schwarz has been receiving numerous requests for the Golf Club cookbook. If any of the ladies have extra copies that they would like to sell, please call June after 5 p.m., 348-8415. Beryl Moore, of Tucson, Ariz., called to wish Mrs. Rosa Christensen a happy birthday. Beryl enjoys receiving the Avalanche and hearing about her friends. She is very nicely settled in a mobile home park and enjoys the warm weather. She has started sewing again and is busy helping to dress dolls for a volunteer Christmas project.

Roach Scores TD for G.V.S.

Will Roach of Grayling, ran for 3 yards for Grand Valley's first TD in Saturday's 38-14 victory over Ferris State. Roach has picked up 187 yards in 50 carries this season for a 3.7 average.

The Yeast of Life

"What we think is less than what we know."
"What we know is less than what we love."

What we love is so much less than what there is, and to this precise extent, we are much less than what we are."

H.D. Laing I defy you to read the above quotation and walk away from it without first taking a quick glance at yourself and those around you. I personally find it frightening and frustrating to think that I, in my lifetime, may only "become" a small part of what could actually be ME! And what about the children?

As a teacher of Physical Education, I am in a position to expose the children to visions of themselves — to visions of what they "are" and what they could "become." I place emphasis on the word "become" because it expresses a major concept which is heavily often subtly, stressed in the field of Education. Life is an on-going process, a learning experience! Each of us, you and I, constitute the nucleus of the process and "Education" is considered by many to be a key factor in our development. Consider this — we are each born with all of the ingredients necessary for the baking of a delicious loaf of bread, but the activating ingredient, the child, being the "yeast of life," must find a warm, stable environment in which to grow.

What does one do when a child says "Teach me?" Where does one begin? Perhaps we begin by first teaching the child to be a Human Being! We cannot take an unique little person and try to fit him into a mold that suits our needs, not his! That would be like trying to fit a piece of a puzzle into the picture — if it fits, we succeed — if it doesn't fit, we try to force it. Either it stays and is somewhat out of place, it is pushed aside until it finally conforms, or it is forgotten and lost, only to be swept-up and tossed into a pile of odds and ends ... Not a very pretty picture is it?

Keeping in mind that each child is a very special individual, an elementary Physical Education curriculum has been designed, and is presently being implemented. One of my primary objectives as an instructor, is to help the children in making new and exciting discoveries about themselves — developing and reaching their potential as Human Beings. It is my hope that not a single child will ever want to be in the state of "I Am" but rather, always in the state of "I Am Becoming ..."

When a child dares to say "look at me," he dares to challenge you and I to look at ourselves and those around us ... What do we see? Let us not fall into Humanities trap of indifference, let us instead share and explore thoughts and feelings — "growing" and "becoming" through and with one another.

I originally wanted to share a little something with you about Love and several hundred very special young people. I found this to be a very difficult task, in that it is not easy to transfer all that I have seen, and all that I feel onto a piece of paper.
